

TCT™ Training/Certification Workshop

WHAT IS TCT™? TCT™ is a communication technique that resembles Applied Kinesiology or Muscle Testing, as it is commonly called. This useful and practical technique helps you to establish direct communication and rapport with your Subconscious. TCT™ can be used to answer any question requiring a yes or no answer from the mundane to the most profound. TCT™ is simple and accurate. TCT™ was developed by James R. Ramey.

WHAT DOES SUBCONSCIOUS DO? Your Subconscious can adjust your autonomic nervous system, so you don't have to tell your heart to beat or your digestive system to digest, etc. Your Subconscious is the physician within. One of the duties of your Subconscious is also to keep you safe. It is the "all knowing" part of you, commonly referred to as your intuition or gut instinct.
