

# Permission to Touch Form

My facilitator has fully explained to me the procedures that will be used with me. I understand that James R. Ramey, MUDF/E, RHA may be touching my hands, wrists, arms, shoulders, back, ankles, calves, and/or possibly my head during the hypnotic induction and possibly while deepening my state of relaxation.

The process has been explained completely to me and I do give my permission to James R. Ramey, MUDF/E, RHA to use this process with me so I may achieve a more profound depth of relaxation, thus enabling me to receive greater results.
